Virtual Conclave on India's Sustainable Energy Transition- Accelerating Compressed Bio Gas as the next Affordable Fuel

7th July, 2021 at 4.00 P. M.

India is one of the fastest growing economies in the world. The Development Objectives focus on economic growth, equity and human well being. Energy is a critical input for socio-economic development. The energy strategy of India aims at efficiency and security and to provide access that is environment friendly and achieve an optimum mix of primary resources for energy generation. Conventional or fossil fuel resources are limited, non-renewable, polluting and, therefore, need to be used prudently. However, renewable energy resources are indigenous, non-polluting and virtually inexhaustible. India is endowed with abundant renewable energy resources in the form of various bio-mass/waste. What is considered as waste today can be transformed into energy in the near future! Every bit of biomass can be used to produce bio-gas and bio-manure. This will go a long way in making India energy self-reliant, help combat global warming and mitigate climate change. With the National Bio fuel Policy and SATAT scheme, India is taking rapid strides to promote biofuels, ensuring a cleaner tomorrow.

Against this backdrop, PHD Chamber is organizing a Virtual Conclave on **“India's Sustainable Energy Transition- Accelerating Compressed Bio Gas as the next Affordable Fuel”** on **7th July, 2021 at 4.00 P.M.** The objective of this Conclave is to bring all the relevant stakeholders and key players on same platform to evolve a pragmatic roadmap for energy security and energy need in the country.

A large number of delegates from Industry, senior officials from Central and State Governments, Technology providers, Policy Makers, Thought Leaders, Financial Institutions, etc are expected to attend the subject Conclave.

I feel honored in inviting you to join the Conclave or nominate senior officials from your organization to attend the same. Your presence and inputs will greatly enrich the deliberations.

Regards,

Dr. Ranjeet Mehta
Deputy Secretary General
PHD Chamber

KEY TAKEAWAYS

- Networking opportunities with Industry Experts, Government Officials, Policy Makers & Senior Management from top industries (Speakers & Delegates)
- B2G & B2B Virtual Interaction Opportunities.
- Latest perspectives, challenges & practical suggestions by Industry Experts.
- The way forward & future outlook by Ministry of Petroleum & Natural Gas

BROAD AGENDA OUTLOOK :

INAUGURAL SESSION

Current Scenario of the Industry, their Achievements and Overview of Government Initiatives & Policies

PANEL DISCUSSION

Theme : India's Roadmap towards Sustainable production of Clean Fuel

- How to boost the availability of affordable and clean transport fuel
- Meeting demand for residential, industrial & transportation sector
- Benefits of SATAT
- Gas production target in India
- Investment opportunities .
- CBG Plants Setup Benefits

TARGET AUDIENCE

- National and International Gas Companies
- Oil & Gas Buyers (National & International)
- Oil & Gas Exploration and Production Companies
- CXO's of oil, gas & petrochemicals companies
- Manufacturers & contractors of refineries
- Engineering & EPC consultants
- Refining & petrochemicals engineers
- Downstream advisor
- Refining specialist
- Head of downstream
- Service providers of the Indian and Global hydrocarbon industry.
- Corporate Venture arms of Utilities and Oil and Gas Companies Natural Gas Producers
- Pipeline Operators and manufacturers
- Oil marketers/suppliers
- Government & Public Sector Undertakings
- Regulatory authorities
- Petroleum Refiners and Retailers
- Energy Services Companies including efficiency services
- Energy and Resources Fund Managers
- Private Equity & Investment Banks
- Energy Lawyers and Consultants
- Big Data and Analytics Providers Bilateral and Multilateral Agencies
- State development agencies
- Port & Shipping Business
- Material technology providers
- Legal Firms & Industry Analysts
- Credit Rating Firms & Sectorial Advisory Firms
- Academic & Research Bodies & R&D
